**Ventriloquism - the secrets revealed!**

Ventriloquism is an ancient art form where the ventriloquist works closely with a puppet giving it life and making it speak, move and perform. It is a fascinating art form and one involving skill and practise to ensure it is the puppet that is seen to speak and not the ventriloquist. This workshop by master ventriloquist Jonathan Geffner will cover the following:

- Introduction to ventriloquism
- Speaking without moving your lips
- Pronouncing difficult letters
- Creating character voices
- Creating personality
- Manipulating your puppet
- And making your puppet "come to life"!

No experience needed, just an eagerness to laugh and have fun! Don't miss this rare opportunity to learn something completely different.

Places are **limited to 26 participants** and applications will be taken on a **first come first served basis**, so don't delay too long!
